

# STREET TREE FACT SHEET SPOTTED GUM

## BOTANIC NAME

*Corymbia maculata*

## DESCRIPTION

Commonly referred to as spotted gum for the distinctive mottling on the trunk. When grown in parks and streetscapes provides good shade as well as ornamental value.

Flowers are creamy coloured and are produced during Spring

## Why has this species been chosen?

We have selected this tree because it is:

- Native.
- Drought tolerant once established.
- Fits with the general environment of the street and suburb.
